

K-LOVE has served me and my family when all other stations have gone to obscene, profane and meaningless noise. There would be absolutely no other listening choice without K-LOVE. K-LOVE meets the need to hear positive, unoffensive words & music that NO other stations bring. Do NOT deny me this hopeful refuge from the world, to listen and enjoy wholesome value and positive words in a place where so little exists to bless such a negative influence in our area. Thank You for listening to the little guy-do we matter? Sincerely, Camille Torrez
